To Whom It May Concern:

My name is Daniel Davila and I am a sound engineer working in Los Angeles since 2012.

I am writing today to recommend Adam Olson as a sound engineering specialist.

Adam and I worked together several weeks at Igloo Music Corporation where I am currently a full time employee. At Igloo, Adam was punctual, helpful, and insightful. His knowledge of sound engineering was something that he shared with all of us at the company, and to this day, we still use it. Also, Adam completed all his tasks quickly and foolproof, thus helping us finish projects faster.

He is not only a very talented and knowledgeable person, but also fun to be around, this is why I highly recommend Adam for the position in question.

Sincerely,

Daniel Davila
